- A. Revise Finish legend for Flooring VCT-1 to “Tarkett VCT II , 480 Pure White W, Vinyl Composition Tile, 12” x 12” or Armstrong Standard Excelon 51941 Polar White, 12” x 12” ”

Item No. 14 –Prior Approvals and Substitutions

- A. The following manufacturers have been approved as an equal for specification sections noted and /or item noted for prior approvals: Approval of manufacturers does not relieve the supplier of the responsibility to fulfill the physical constraints and performance requirements of the project. The products proposed must comply with all contract documents and detailed information assuring compliance.

Listed below are manufacturers who are recognized as capable of producing products or equipment equal to those specified. Products or equipment will be considered acceptable, providing the equipment meets, or exceeds the specification requirements, fits the available space, and has the capacity and performance requirements.

The listed (prior-approved) equipment are not given with respect to any specific model, series, catalog number, etc. Suppliers are cautioned that before their equipment is actually approved, it will be incumbent upon them to demonstrate to the architect or engineer, that the product or equipment is (in fact) equal to the requirements specified and conforms fully to all specification requirements.

Manufacturer/Product

MRS System 2500 standing seam metal roof, 2 “ high
mechanically double lock seams at 12” o.c.
